

Journey Organizer

This app will generate your SARS Logbook and Travel Claims for Business. Journey Organizer is fully mobile with all user functionality built into the Apps. No PC is required to use the JO system.

Download the Journey Organizer App and plug your JO into your vehicle cigarette lighter socket. Register your details and vehicle mileage and pair with your Smart Phone via Bluetooth and you are ready to go. All your data will be securely stored in the JO cloud servers ensuring that it will be safe and fully intact. Even in the event of a lost or damaged phone, your data will be ready for access with your replacement phone.
